Dear Randy,

On behalf of the entire staff of the Alzheimer's Association of Colorado I want to extend our gratitude and thanks for your outstanding presentation at our statewide staff meeting to kick off 2014.

The session was extremely helpful to staff throughout our organization on both a personal and professional level. The strategies and tools you shared will be a resource for our team for years to come.

I also appreciated the significant time and energy you put into getting to know our organization in advance and tailoring the session to meet our needs for a high energy start to the year. You were able to capitalize on our strengths while also giving us insight into ways our fears might be holding us back.

Thank you so much for such a meaningful presentation. We look forward to using our new tools and strategies as we approach a very demanding year and aggressive new Strategic Plan!

Kind regards,
